Once the survey is concluded, UF will submit a demand to bargain with the District. Our goal is to have contract language in place as soon as possible before any future scheduling takes place.
- United Faculty has been assured that District HR will be sending out information next week regarding the extension of COVID-19 sick pay under the new legislation: AB 152 (COVID-19 Relief: Supplemental Paid Sick Leave).
- HR will also send out information regarding the new legislation AB 2693 (COVID Exposure Notice Requirements).
- Two weeks ago it was reported to the Board of Trustees that 887 students at Fullerton College were allowed to attend in-person classes without following the Board's vaccine mandate. United Faculty reported to the Board this past Tuesday that almost 60 full-time faculty received "Written Warning" letters from HR for either vaccine non-compliance or testing non-compliance. These letters threatened faculty and were also placed in their personnel files. Although UF could not bargain the implementation of the vaccine mandate, it is our right to bargain the effects of the implementation. UF has sent a demand to remove the letters from faculty files and negotiate any future impacts. We will be meeting with the District in the coming weeks. If anyone has any questions or concerns about this, please feel free to email Christie at cdipeuf@gmail.com.

This brief report can be delivered at shared governance meetings and at advisory meetings. Please introduce yourself as the rep of Adjunct Faculty United (as well as any other union title(s) you may have) before giving a report that includes these talking points:
 - AdFac United hired 2 additional member organizers. We are delighted to have Loyal and Marlo, both adjuncts in the district and longtime AdFac leaders, now working as paid organizers to grow our union.
 - AdFac and our statewide affiliate the California Federation of Teacher campaigned to secure \$200 million in ongoing funding for adjunct faculty healthcare benefits and a bill that will provide districts funding to provide adjuncts with the same healthcare policies they provide full-time faculty.
 - AdFac is continuing to negotiate paid office hours with the district. We are delighted to have secured \$800,000 in annual funding for paid office hours. We are currently urging the district to provide adjuncts with 60 minutes of office hours per week at the rate of \$45 per week.

f. Academic Senate Treasurer’s Report - Liana Koepfel

- The Academic Senate has been allocated \$21,000 for 2022-23. This represents an increase from last year's budget allocation of \$17, 871 but is less than the \$25,690 requested. Since so many of the anticipated expenses are events that are now attended remotely, we should only need to make some slight adjustments that will be presented for approval at the Senate meeting today (Oct. 13, 2022, see attachment).
- Currently, we have three faculty members who will be attending the ASCCC Fall Plenary meeting Nov. 3-5 (1 in person, 2 remote). We have budgeted for 5 faculty to attend (Articulation Officer will not be attending this year). We could fund two additional remote attendance registrations. Those interested should contact Damon. Registration deadline is Nov. 1, 2022.

i. Outcomes Assessment - Jennifer Coopman

- The Fall 2022 data load to the eLumen production site has been completed. Fall 2022 CSLO assessment scorecards should be viewable in eLumen. An email with this notification will be sent to all Faculty soon.
- The CSLO Assessment Status Report for Spring 2022 is attached. The overall percentage of courses assessed for Spring 2022 was 90.8%. Great work Faculty!
- The SLO Committee met September 26, 2022. The committee viewed and discussed the Spring 2022 CSLO Assessment Status Report. The committee discussed SLO components for Fall 2022 Instructional Program Review and Fall 2023 Instructional Program Review. The committee reviewed the data from the Spring 2022 Associate Degree and Certificate Assessment Plan (ADCAP) survey. The report is attached. The committee reviewed the proposed revised/updated SLO Handbook. There was discussion to include the CSLO and Department PSLO questions from the Instructional Program Review form in the handbook. The SLO Committee approved the proposed updated SLO Handbook with the exception to add the CSLO related questions and Department PSLO related questions that appear on the Instructional Program Review form. Once the changes are implemented, the SLO Committee will do a final review and approval. The next step would then be for the SLO Handbook to be reviewed and approved by Academic Senate. There was also discussion about the reflection comments that Faculty enter into eLumen after assessment scores are entered. These reflection comments are not mandatory but are very strongly encouraged. It is recommended that departments review the reflection comments as departments discuss and answer questions on the Instructional Program Review form about CSLO assessment results. This process is intended to aid in ongoing improvement within programs and improve student learning. There was a suggestion to add in new language in eLumen that would encourage completion of the Faculty reflection comments.

- In progress of updating the SLO Handbook.
- Viewed the SLO Talk: Bloom's Taxonomy and SLO Statement Design. Faculty were sent an email with an invite to attend this SLO Talk.
- There is a "Resources for Student Learning Outcomes (RSLO)" Canvas course shell that includes CSLO and CSLO assessment information, Department PSLO information, Degree & Certificate PSLO information, SLO webinar recordings, ISLO information, and the SLO handbook. A self-enrolling URL was emailed to all Faculty and an announcement was posted in Canvas with the self-enrolling link.
- Discussed PSLO Mappings at the Instructional Program Review Committee meeting. PSLO Mappings should be completed to meet accreditation standards and for departments to be in compliance.
- Corresponded with various Faculty regarding CSLOs, CSLO assessments, Department PSLOs, PSLO Mappings, Degree and Certificate PSLOs, Faculty Participation Reports, Department PSLOs in the Catalog, and eLumen.
- Ongoing maintenance of eLumen. This includes adding CSLOs for courses, creating CSLO assessments for courses, inactivating courses that are no longer active in CurricUNET, creating Faculty Participation Reports for departments, adding user roles, and communicating with the eLumen technical support team with technical issues. As a note, it is quite challenging to maintain eLumen since CurricUNET and eLumen do not communicate directly. eLumen and the CC Catalog not directly communicating is also a challenge.
- As a reminder, Fall 2023 will be the first semester that the Degree and Certificate PSLO component will be included on the Instructional Program Review Form. This means programs going through Fall 2023 program review should pre-launch Degree and Certificate PSLOs in CurricUNET by the Spring 2023 pre-launch deadline. All programs (not just programs going through Fall 2023 program review) can begin pre-launching Spring 2022. When modifying a program in CurricUNET, a link to the Degree and Certificate PSLOs template document is provided within the Help box in the Program Student Learning Outcomes section. The document includes the following language: "Degree and Certificate PSLOs are designed to reflect the fundamental knowledge and skills students should obtain as a result of receiving a degree/certificate offered by instructional departments at Cypress College. To meet Accreditation standards, the College must regularly assess "learning outcomes for courses, programs, certificates and degrees using established institutional procedures." (IIA3) Departments should write one or more PSLOs that reflect the core competencies for each degree or certificate. Initially, the Degree and Certificate PSLOs will be assessed annually via the Associate Degree and Certificate Assessment Plan (ADCAP) Student Survey. The results of the annual ADCAP survey will be evaluated every four years as part of the Department's Program Review Report. Departments should discuss the Degree and Certificate PSLO assessment results in order to evaluate their programs for continuous improvement." The document also includes sample language for Degree and Certificate PSLOs,

including examples for various programs. Please consider using future flex days as a time to write Degree and Certificate PSLOs.

- When CurricUNET updates with a new course or with new/revised CSLOs for an existing course, the CSLO to PSLO mapping needs to be done/redone in eLumen for that course (even if the course had been mapped previously). Best practice is to do this mapping as the updates are made in CurricUNET. Departments should also update Department PSLO Mappings to reflect any CSLO mappings to Equity.
- The next SLO Committee meeting is scheduled for October 24, 2022.

j. Program Review and Department Planning- Stephanie Rosati

- Meeting held October 3, 2022, at 3:07pm – 4:15pm
- Committee Introductions for new Dean Lisa Gaetje
- Provide committee with an Evaluation Form to use during presentations for easy note taking
- Discussion of separation of Radiologic Technology/Diagnostic Medical Sonography during program review. Do we want to have these two departments present separately or together?
- Jennifer asks if we would need to add a day or if we can fit them into the original schedule. Jennifer is ok with 2 separate presentations.
- Peter suggested go back-to-back, Maha also approved of back-to-back, Ernesto also voiced approval for back-to-back.
- Stephanie asked: Is 45 min enough time?
- Resolved: We will allow them to go separately, and that 45 min would be enough time.
- Jennifer PSLO and SLO Update:
- Jennifer updated committee with on going work with programs presenting this round.
- Respected area representatives will be following up with the departments
- Regina provided an overview of the Legacy and Puente space opening. The opening was very successful!

- Added to the October 17th, 2022, agenda committee will be reviewing the process for specialized program reviews and timelines
- Discussion: Stephanie was asked to address, should a program's level of participation in shared governance, campus service etc. be part of program review in the future (not this cycle)?
- Committee had a robust conversation about pros and cons regarding adding this area to the form.
- Committee discussed appropriate language
- Committee decided to continue the conversation and have added it to the October 17th agenda
- Meeting adjourned at 4:15pm

k. ACCJC Self Study - Jill Bauer

- The ACCJC Advanced ISER Training with our ACCJC Liaison, Dr. Gohar Momjian, on September 23rd was well attended with 37 people in the room and an additional 25 participants on Zoom. If anyone needs a copy of Dr. Momjian's presentation or her responses to our submitted questions, please contact Jill (jbauer@cypresscollege.edu).
- The ACCJC has released the second draft of the revised accreditation standards. These take into account feedback received at the September 19th townhall at NOCCCD and attempt to address the "need for greater inclusion of student support services (particularly libraries) in the Standards and the checklists for evidence." All are encouraged to provide feedback to the ACCJC through the comment form or a virtual or in-person listening session. The anticipated approval for the revised standards is Fall 2023. We will be using the current standards (2014 version) for our self-study, peer review, and site visit.
- The Accreditation Steering Committee (ASC) met on October 5th and focused on Standard I updates from our Standard I Co-Leads. All leads reported that they are on track with evidence collection and anticipate that Cypress meets the standards. There may be an opportunity for an improvement plan for Standard I.B.8, which focuses on broadly communicating results of assessment and evaluation activities to the institution. This could involve replacing our existing J Drive storage with Sharepoint storage and sharing that is accessible via cypresscollege.edu with credentials (i.e., username and password).
- The ASC is seeking a faculty representative and lead for the Quality Focus Essay (QFE). Please contact Jill if you are interested in serving. Our QFE will focus on inquiry, planning, and action to determine and deliver the right balance of instructional and service modalities (i.e., in person, online, hybrid, hyflex) for our future students. The lead would develop the QFE plan with a small team of 3-4 people.
- The Accreditation Steering Committee will meet regularly throughout the 2022-2023 academic year on the 1st and 3rd Wednesdays of the month from 3:00 - 4:30 p.m. All are welcome to attend.
- Accreditation Teams are currently in the process of collecting evidence that shows that the College meets the standards. To aid with evidence collection and prepare for our future team visit, please ask divisions, departments, committees, or groups that you are associated with to update your respective webpages on the Cypress College website. Committee chairs please be aware that Accreditation Team Standard Leads may contact you for evidence. We appreciate everyone's timely response in this process!
- Most of our Accreditation Teams now have a full-time faculty member and an adjunct faculty member in addition to their faculty co-lead. Thank you to all faculty for active participation in our self-study! We are still looking for an adjunct faculty member to join the III.B Physical Resources and I.A Mission teams.
- The Governance Workgroup has been working on the Shared Governance Handbook throughout the summer and early fall. The handbook will be presented to the Senate later this fall for feedback and endorsement.

Emergency funding application has been submitted and may bring in \$11mil

7 year forecast - best projection if enrollment is reestablished.

2. Establish New District Safety Group Discussion

Development of a new campus safety committee. Look for people who would be interested in helping develop a committee. Look for Cypress Faculty who would be interested in helping.

OPERATIONAL REVIEW

1. KnowBe4 User Security Training Information

District IS will be implementing a user security awareness program district-wide that will involve assigning short trainings and phishing exercises to assess and improve our threat posture
