VI. Faculty Issues – Unfinished Business

- a. Campus WiFi & Chromebook Issues (20 minutes) Kathleen McAlister/Jose Sanchez
At the 10/26 Academic Senate meeting, faculty discussed issues they have had with classroom Chromebook login, campus wifi access/reliability, and availability of IT classroom support. Director of Academic Computing Jose Sanchez gave Senate updates and answered questions related to these issues. The connectivity issue on the network side has been fixed. They will be working on things that have a global impact over the next year. Most of this relates to upping the security for the district/college. One-time passwords are back for now, but they need to stay on top of it as technology changes for people to hack. He explained Geo-Fencing and authenticator and the importance of using it. They also changed the reporting to have a tag with a high priority for immediate instructional disruptions. Joel made the motion to extend 15 minutes. The motion passed. IT has concerns over the Chromebooks because when they were purchased, IT wasn't going to maintain them, but the departments were. If the Chromebooks get turned on and left on for the day to receive the update and restart, that should be able to help. Jill Bauer reported that the connectivity issue has been much better, but she would like a login for the Chromebooks. Joel made the motion to extend the time by 2 minutes. The motion passed

11-09-23 IPRC Senate Report

- The IPRC has revised the Instructional Program Review handbook and will bring it to Senate for second read and approval on November 9th.
- The Instructional Program Review Committee (IPRC) will meet on Mondays from 3:00 p.m. – 5:00 p.m. on the following dates this fall: 9/18, 10/16, 11/6, 11/13, 11/27, 12/4.
- The following departments are undergoing a full program review this year:
 - Chemistry
 - Communication Studies
 - Political Science
 - Counseling
 - Dance
 - Economics
 - Mathematics
 - Kinesiology
 - Psychology
 - Sociology
- All other departments will complete an annual update. Jill Bauer and Myev Rees, IPRC Co-chairs, sent instructions for the annual update to department coordinators and deans during the first week of the semester.
- Both program review forms and annual updates were due to deans on October 10th and to the IPRC on October 25th. **Any program that did not submit an annual update is encouraged to do so as soon as possible.**
- As this is the first time we have completed the annual update, the IPRC welcomes feedback from faculty and deans on how to improve the form or the process.
- The following SIPR programs will go through full review in Spring 2024:
 - Distance Education
 - Dual Enrollment
 - Honors and Service Learning
- The [program review schedule](#) on the Program Review webpage is current and accurate.

n. Student Equity and Achievement Committee - Alison Robertson

At the November meeting, the SEA committee approved funding requests including CoRe participation, Athletics equity-focused training for coaches, and A2MEND travel for students to attend All-African Diaspora Education Summit in Ghana.

SEA is developing its narrative update; if you have a SEA success story from the last year, please email sea@cypresscollege.edu to share.

Our next meeting is Dec. 6th 3:30-5pm hybrid: CCC 419 and Zoom.

o. Student Outcomes Assessment - Jennifer Coopman

- Please complete Spring 2023 CSLO assessments. Kristina Oganessian is going to re-run the Spring 2023 report next week. Faculty can still go back and complete those assessments in eLumen. There is a drop-down menu to select the Spring 2023 term.
- The Fall 2023 data load has been completed in the eLumen production site. There is a new interface when Faculty log into eLumen with a to-do list. Faculty can select "Courses" to view the old interface. If there are multiple assessments showing for a course, Faculty only need to complete one assessment. Use the assessment with the most recently updated date in the title. The most updated assessments for Faculty to use for courses have a date of 08/14/2023 in the title of the assessment.
- A new Fall 2023 data load has been completed to capture the most accurate student enrollment.
- There are eLumen technical issues with the most recent Fall 2023 data load, including Public Health Science courses being moved from the PHS department to the Kinesiology department. This is problematic since all CSLOs for PHS courses were previously mapped to Department PSLOs and now that work is missing. I am in correspondence with district technical support and eLumen to hopefully remedy this situation.
- Met with the SLO Coordinators from Fullerton College (George Bonnard) and NOCE (Alli Stanojkovic) on November 2, 2023.
- Presenting the Student Learning Outcomes Committee charter at the PAC meeting on November 9, 2023.
- An SLO workshop with the CTE department coordinators is planned for November 21, 2023. All CTE Faculty are welcome to join. Topics include CSLO assessment, mapping CSLOs to Department PSLOs, writing Degree & Certificate PSLOs, accreditation standards, and instructional program review compliance criteria.
- Corresponding with Kristen Nelson (eLumen customer support manager) with regards to a new project to clean up Fall 2023 assessments in eLumen so that there are not multiple scorecards for a course. The statement of work for this project was approved and it is scheduled to begin November 13, 2023.
- Corresponding with Kristen Nelson (eLumen customer support manager) with regards to getting an SOW and PSA written for a Spring 2024 project to clean up assessments in eLumen that are no longer needed that are planned for Spring 2024 and forward. Hoping to get financial support from the college/district to fund this project and am waiting for a response.
- The eLumen project of creating future CSLO assessments in eLumen is complete. This project includes assessments for current CSLOs, so any changes to CSLOs would need to have new assessments created by the SLO Coordinator (or designee). The most updated assessments for Faculty to use for courses have a date of 08/14/2023 in the

title of the assessment. There is also a new reflection template attached to these assessments.

- Met with various department coordinators to discuss SLO matters in preparation for Fall 2023 instructional program review.
- Emailed the department coordinators of programs going through Fall 2023 instructional program review as needed regarding incomplete Department PSLO mappings in eLumen and/or missing Degree & Certificate PSLOs in Curricunet.
- Reviewed presentations and forms for the Art, Chemistry, Communication Studies, and Political Science programs in instructional program review and provided the IPR chairs with SLO feedback and commentary/recommendations.
- Programs going through Fall 2024 instructional program review should write PSLOs for all degrees and certificates in their department and pre-launch these programs (degrees/certificates) in Curricunet prior to the Spring 2024 pre-launch deadline. There are documents with instructions for writing Degree & Certificate PSLOs (a template is provided), and for how to modify a program in Curricunet. These documents can be found in the RSLO Canvas course shell. These guides are also in the SLO Handbook.
- Updates were made to the Resources for Student Learning Outcomes (RSLO) Canvas course shell. Maintenance of the RSLO Canvas course shell is ongoing.
- Corresponded with various Faculty regarding CSLOs, CSLO assessments, Department PSLOs, additional Department PSLOs, PSLO Mappings, Degree and Certificate PSLOs, Faculty Participation Reports, Department PSLOs in the Catalog, and eLumen.
- Ongoing maintenance of eLumen. This includes adding CSLOs for courses, creating CSLO assessments for courses, inactivating courses that are no longer active in CurricUNET, creating Faculty Participation Reports for departments, adding user roles, and communicating with the eLumen technical support team with technical issues. As a note, it is quite challenging to maintain eLumen since CurricUNET and eLumen do not communicate directly. eLumen and the CC Catalog not directly communicating is also a challenge.
- As a reminder, there is a “Resources for Student Learning Outcomes (RSLO)” Canvas course shell that includes CSLO and CSLO assessment information, Department PSLO information, Degree & Certificate PSLO information, SLO webinar recordings, ISLO information, and the SLO handbook. A self-enrolling URL link was included in an email to all Faculty.
- Beginning this semester, Fall 2023, the Degree and Certificate PSLO component will be included on the Instructional Program Review Form. All programs should pre-launch Degree and Certificate PSLOs in CurricUNET by the spring pre-launch deadline prior to their instructional program review. When modifying a program in CurricUNET, a link to the Degree and Certificate PSLOs template document is provided within the Help box in the Program Student Learning Outcomes section. The document includes the following language: “Degree and Certificate PSLOs are designed to reflect the fundamental knowledge and skills students should obtain as a result of receiving a degree/certificate offered by instructional departments at Cypress College. To meet Accreditation standards, the College must regularly assess “learning outcomes for courses, programs, certificates and degrees using established institutional procedures.” (IIA3) Departments should write one or more PSLOs that reflect the core competencies for each degree or certificate. Initially, the Degree and Certificate PSLOs will be

assessed annually via the Associate Degree and Certificate Assessment Plan (ADCAP) Student Survey. The results of the annual ADCAP survey will be evaluated every four years as part of the Department's Program Review Report. Departments should discuss the Degree and Certificate PSLO assessment results in order to evaluate their programs for continuous improvement." The document also includes sample language for Degree and Certificate PSLOs, including examples for various programs. Please consider using future flex days as a time to write Degree and Certificate PSLOs.

- As a reminder, when CurricUNET updates with a new course or with new/revised CSLOs for an existing course, the CSLO to PSLO mapping needs to be done/redone in eLumen for that course (even if the course had been mapped previously). Best practice is to do this mapping as the updates are made in CurricUNET. Departments should also update Department PSLO Mappings to reflect any CSLO mappings to Equity.

The next SLO Committee meeting is scheduled for November 20, 2023. If there are any Faculty interested in being SLO Coordinator, please reach out to Jennifer Coopman.
