	The Cyber Defense certificate provides concepts and hands-on skills to identify Cybersecurity threats and implement procedures to protect Cyber assets. It will also enhance students’ chances to pursue a professional career in Cybersecurity by giving them various options to prepare for industry-recognized certificates such as CompTIA A+, Security+, CySA+, Project+, Cisco CCST (IT Support, Networking, Cybersecurity), CCNA and CyberOps, and AWS Certified Cloud Practitioner and Certified Solutions Architect – Associate. To earn a certificate, complete the required courses as listed with a grade of C or better. At least 50% of all course work must be completed at Cypress College. This certificate requires a total of 26-28 units.
